Dear Ms. Gayola:

The Philippine Science Centrum (PSC), the first interactive science center/museum in the country, is celebrating its 28th year anniversary this month. Highlight of the celebration is a "Science Café" entitled, "**Advanced Life Support: Keeping Astronauts Alive and Well**" which will be held on **February 28, 2018, 9:30 a.m.** at PSC Science Hall, E-Com Bldg., Riverbanks Center, Marikina City.

Our resource person is **Dr. Apollo Arquiza**, a DOST Balik Scientist, the first on record to cook by frying in a simulated low gravity environment (Moon and Mars) on the G-Force One Plane under the NASA reduced gravity program using a prototype space galley designed and fabricated by his design team. Attached is Dr. Arquiza's Curriculum Vitae (CV) for your reference.

In this regard, we would like to invite you and your science team to attend the said forum. As such, we would also like to invite the following schools offering senior high with track on STEM: (1) *Sta. Elena High School*, (2) *Marikina Science High School*, (3) *Parang High School* and (4) *Marikina High School* to send **representatives: two (2) senior high students and one (1) teacher**. Since we will have a limited number of 50 guests, we would appreciate receiving your **confirmation on or before February 21, 2018**. You may call Ms. Karen Napilli or Ms. Faith Tuazon at 942-4137 or 0915-4277682 for confirmation.

Thank you very much.

Very truly yours,

MAY M. PAGSINOHIN
Executive Director
