Dear Ms. Sheryll T. Gayola,

Greetings!

We would like to request for your assistance in inviting your district's public schools to the annual leadership initiative conference conducted by the AIESEC Ateneo de Manila University, an accredited student organization that focuses on youth leadership, business and exchange in the Ateneo de Manila University Loyola Schools. This is a one-day event for selected current senior high school student leaders from various public and private schools held by the Public Relations Department of AIESEC Ateneo entitled:

✓ **Interscholastic Youth Leaders' Initiative 2018: Soar**

Date: February 24, 2018

Time: 8am-5pm

Venue: Loyola Schools, Ateneo de Manila University  
Rizal Library, 5/F

AIESEC, which is present in 126 countries and 2,400 universities, is a global platform for young people to explore and develop their leadership potential. We are a non-political, independent, not-for-profit organization run by students and recent graduates of institutions of higher education. Its members are interested in world issues, leadership and management. AIESEC does not discriminate on the basis of ethnicity, gender, sexual orientation, religion or national/ social origin. Since AIESEC was founded, we have engaged and developed over 1,000,000 young people who have been through an AIESEC experience.

Given this, IYLI, also known as the Interscholastic Youth Leaders' Initiative is a local conference spearheaded by AIESEC Ateneo with the objective of motivating, inspiring and helping student leaders grow not only as individuals but also with other promising student leaders from different schools and different contexts, which will, ultimately, allow for not only personal growth, but also the development of one's interpersonal skills. It is a one-day leadership training, which focuses on the leadership in terms of a person's awareness, advocacy and action of this youthful generation in the Philippines, as well as promoting a more holistic mindset when it comes to decision-making.

Concretely, we assure that participants will get the following out of this event:

1. Leadership Development - We aim to impart our principles of AIESEC leadership through our Leadership Development Model which focuses on building leaders who are Self Aware and Solutions Oriented, who Empowers Others and is a World Citizen.
2. Leadership Training - We want to ensure that the students will be able to learn and apply their current skills from their positions to the new knowledge and techniques to be developed from the one-day training through talks from well-known leaders and individual and group activities prepared by AIESEC.
3. Connections and Networking - We will give the students a chance to meet and work with other student leaders from different private and public high schools, allowing them widen their network as well as build relationships and create potential collaborations and projects together in the future.

In connection to this, we would like to personally request for your assistance so as to confirm the participation your schools for IYLI 2018. We believe that as enforcers of quality education of your respective district, you can help us find potential delegates and lobby the conference opportunity to different school administrations.

The following are the schools we would like to invite to participate in our event:

Barangka NHS  
Concepcion Integrated School  
Fortune HS  
Kalumpang National High School

Nangka HS
