PROJECT KAPNAYAN

The Civic Welfare Training Service (CWTS) of the Institute of Chemistry (IC) in the University of the Philippines, Diliman, Quezon City will hold Project Kapnayan on March 24, 2018 from 7:00AM -5:00PM at The Teaching Building of the Institute of Chemistry.

The Project Kapnayan aims to:

1. enable high school students to be familiarized with the work that happens inside the laboratories, including the safety and basic safety measures.
2. promote awareness and alertness around potential hazards of different chemicals and general safety precautions that need to be done when students are inside the laboratories.

The target participants are five (5) grade 9 or 10 High School Students and an adviser from different public schools located within the National Capital Region.

More information may be inquired from:

Mona B. Antivola

The Civic Welfare Training Service (CWTS) of the Institute of Chemistry (IC) in the University of the Philippines, Diliman will once again be holding *Project Kapnayan* - a program that gives students from within the National Capital Region an enjoyable tour around the laboratories of the institute. The tour will feed their young minds with exciting possibilities about the science that happens inside the laboratories.

Project Kapnayan is an annual event that enables high school students to be familiarized with the work that happens inside the laboratories, including the knowledge of basic safety measures. It promotes awareness and alertness around potential hazards of different chemicals and general safety precautions that need to be done when students are inside the laboratories.

In light of this, we would like to invite five (5) grade 9 or 10 high school students and an adviser from different public schools located within the National Capital Region on this exciting and exhilarating experience that will surely help students to be aware and prepared for any future experiments that may come their way. *Project Kapnayan* will be held on the 24th of **March 2018, Saturday**. The event will occupy the whole day starting at 7 AM and food will be provided for both the adviser and students. It will take place at the Teaching Building of the Institute of Chemistry. The students of CWTS-IC and student volunteers will take charge of the event.

We are looking forward to your favourable response. Thank you for your consideration.

For inquiries, you may contact the undersigned. Rest assured we will exert effort in attaining the success of this event for both parties.

Respectfully,

Mona B. Antivola
