Undersecretary
Governance & Field Operations
Department of Education

Calling all Makers!

The Greatest Show (and Tell) on Earth is back in the Philippines!

The Mind Museum is a world-class science museum dedicated to providing an extraordinary educational experience that inspires the public understanding of science. As part of our mission to promote Science and Technology, we are bringing in the Manila Mini Maker faire to showcase unique and amazing works of Filipino makers, hobbyists, crafters, tinkerers, startups, and STEAM Educators.

The Manila Mini Maker Faire is a family-friendly, festival of invention, creativity and resourcefulness, and a celebration of the Maker movement. The faire will showcase amazing works of all kinds and ages of makers – anyone who is embracing the do-it-yourself (or do-it-together) spirit and wants to share their accomplishments to everyone. Exhibitions will also cater to a variety of K-12 topics, including but not limited to robotics and electronics, agriculture, industrial and interactive arts, renewable energies, visual arts, music, etc.

The Mind Museum would like to invite teachers, students, school clubs and organizations to join us as **Maker Exhibitors** and/or **Presenters** in this celebration of making, tinkering, and cool inventions and innovations on **June 23-24, 2018** to be held at **The Mind Museum, Bonifacio Global City, Taguig**. You may join as any one or more of the following:

- **Maker Exhibit:** an all-weekend exhibit to demo your group's projects
- **Performer:** a scheduled performance, usually on a stage
- **Presenter/Workshop Facilitators:** a scheduled 10 to 15-minute presentation, usually on stage or a 1 to 1.5-hour workshop session.
- **Commercial Makers.** Individuals selling/promoting items they have made themselves

Application is **FREE** of charge so you may bring as many projects as you want. Commercial Makers are also welcome to join, you may check out our website for more details on how to join as a Commercial Maker. Manila Mini Maker Faire is open to all makers, tinkerers, crafters and artists. Individuals, maker groups, organizations and schools to join in this show-and-tell of science, technology, arts and crafts.

Kindly refer to attached pages for more information. For further queries, schools may contact lisa.nicandro@themindmuseum.org or call 9096463.

We look forward to your support!

Regards,

Maria Isabel Garcia
Curator, The Mind Museum
