Dr. Wilfredo E. Cabral
OIC – Office of the Asst. Regional Director

By _____
Date 5/8/18

Dear Dr. Cabral,

Greetings from the bay!

This is our advocacy program on the awareness, proper care, and educational of marine flora and fauna of our country. We provide venues for elementary and high school children to learn more about the diverse creatures under the sea, and most importantly we provide an avenue for them to understand their part in taking care of the marine life.

This is our invitation to visit Manila Ocean Park, as we highlight our Core Attraction: The **Oceanarium** that has a walk through underwater tunnel. We have a large collection of over 20,000 fish and invertebrates brought close for viewing for the Filipino family especially the school children. We are also the first to launch in the Phipillines the Augmented Reality; it is the latest technology when it comes to virtual reality experience. Children will get a chance to interact with MOP very own signature animated Whale Shark, Dolphins, Philippine Eagle and MOP Animated Mermaid. We also have our Sea Lions, Shark and Ray Encounters, World of Creepy Crawlies, Barnyard, Birdhouse feeding, Neon cars and many others for the children to enjoy and appreciate.

The Manila Ocean Park is a place where children are taught the priceless value and the diversity of the country's marine species. Likewise, they learn to understand the need of conserving them to benefit the future generations. We also support and patronage the K to 12 program of Department of Education.

In this regard, we would like to request from your good office to be our partner in Climate Change Conciousness and endorse to all Private and Public Schools in the division so we can impart relevant information to the students, teachers and parents, as the current environment issue today.

Below are the names of the Account Executives handling NCR area.

Thank you and we look forward to a favorable response.

Best regards,

JOY LOUELLA ALVAREZ
