THEME: THE MANY FACES OF LEADERSHIP IN K-12 SCHOOL LIBRARY
MAY 17-18, 2018

Consunji Room, 2/F U.P. Bahay ng Alumni, Diliman, Quezon City

RATIONALE: Libraries in the information age are all about knowledge, learning, and all the ethical and technological implications involved. Managing a K-12 school library well means not only seeing every tree in the forest but also seeing the forest. And so, the challenge for us all is: How do we exercise leadership in a k-12 school library? The job is so big, so complex, so daunting, but utterly fascinating. It is the most exhausting, the most rewarding, the most intricate, and the most mind-expanding job. This two day seminar-workshop looks at a few of those trees: literacy, advocacy, professional development, intellectual freedom, and learning among others. We, school librarians must learn to lead in all of these few areas and more.

LEARNING OUTCOMES:

At the end of the two-day seminar-workshop, the participants should be able to:

1. Discuss the roles of the K-12 school librarian as an advocacy leader, literacy leader, curriculum and instructional leader.
2. Learn the various methods of exercising leadership in a K-12 school library.
3. Develop foresights of leadership as a foundational element to school libraries.
