MS. SHERYLL T. GAYOLA
OIC, Schools Division Superintendent
Department of Education
Division of Marikina City

Dear Ms. Gayola,

Greetings from Knowledge Channel and Unilever!

For the past 19 years, Knowledge Channel Foundation (KCFI) has been a steadfast partner of the Department of Education in championing quality education for all Filipino learners. By utilizing our resources in media and technology, matched with the passion and dedication of our team, we are able to reach millions of children as far as Itbayat, Batanes to Sitangkay, Tawi-Tawi through television, our online platforms, and offline portable media libraries.

In a continuing effort to support our learners in public schools, KCFI has also partnered with Unilever to deliver a timely workshop series based on their lessons in Health class. As we are all aware, our high school students undergo a lot of changes during puberty. These include changes in their bodies which can affect them both physically and emotionally. That is why we have prepared a video workshop series with Unilever entitled "Confidently U" to help students better take care of their bodies, understand themselves better and build true confidence from within.

The 60-minute video workshop series will be an on-ground event and screening comprised of three videos: hair care, skin care, and body care. These videos will be accompanied by games and activities to further reinforce and apply what they have learned. Participants will also get to bring home sample products as well. This endeavor will be implemented in the school grounds of select high schools only after classes in compliance with the order of the Department of Education (DepEd).

We are planning to implement our "Confidently U" Video Workshops between September 24 to October 12, 2018 in the following schools:

1. Concepcion Integrated School
2. Fortune High School
3. Malanday National High School
