RELEASED

January 22, 2019  
23 JAN 2019  
[Signature]

TO: **Schools Division Superintendents**

Dear Gentlemen/Mesdames:

Attached is a letter signed by John Adrian Y. Asuncion, President, UP Physics Association, National Institute of Physics (NIP), University of the Philippines, Diliman, Quezon City dated January 18, 2019, inviting the participation of secondary students to **NIP Open House** on February 11-15, 2019, content of which is self-explanatory, for information.

Interested parties from public and private schools shall be subject to the no-disruption-of classes policy stipulated in DepEd Order No. 9, s. 2005 entitled **Instituting Measures to Increase Engaged Time-on-Task and Enforcing Compliance Therewith.**

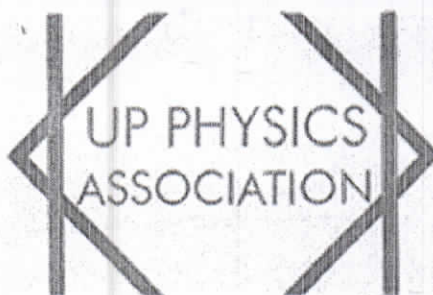

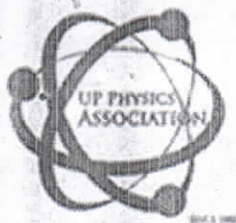

Very truly yours,

  
**WILFREDO E. CABRAL**  
Officer-in-Charge  
Office of the Regional Director

Dr. Wilfredo E. Cabral  
Asst. Regional Director  
Department of Education – NCR

Dear Sir,

Greetings!

The **UP Physics Association (UPPA)**, is an established, non-profit student organization dedicated to advancing the awareness and study of physics not only within but also outside the University of the Philippines. For over thirty years now, the UPPA has been creating and executing projects and events centered towards this goal.

The **National Institute of Physics (NIP)**, along with the help of UPPA, celebrates its annual **Physics Month** with one of its main events being the free public laboratory tour or the **NIP Open House**. Facilitated by the UPPA, this allows people outside of NIP, especially secondary-level students and other universities, to have the chance to see and learn about the few premier physics laboratories stationed in the country, namely: Condensed Matter Physics Laboratory (divided into the Semiconductors and Superconductors group), Instrumentation Physics Laboratory, Photonics Research Laboratory, Structure and Dynamics Group, and the Theoretical Physics Group.

The NIP Open House would be accommodating visitors for free from **February 11-15, 2019**, with morning and afternoon sessions. With this, we are humbly requesting your office to issue a memorandum inviting secondary-level schools to the said laboratory tour. For inquiries regarding the activity, please contact us via email at [upphysics@gmail.com](mailto:upphysics@gmail.com) or through via text at 0917 590 0328.

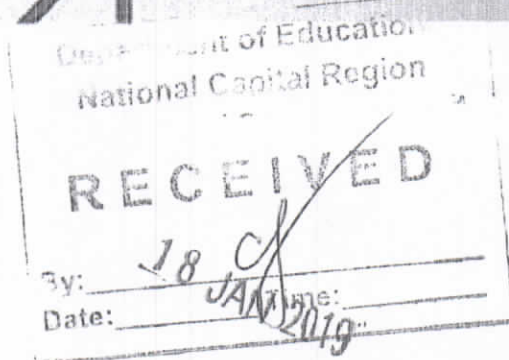

The organization aims to further the interest of the youth in Physics; with your assistance, this event would help our goals be achieved.

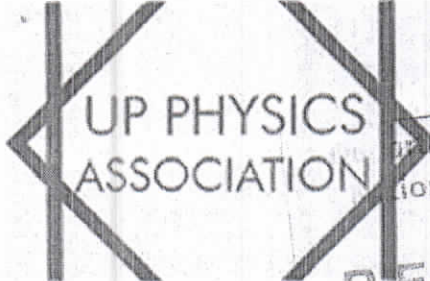

In the spirit of uplifting science,

John Adrian Y. Asuncion  
President  
UP Physics Association

jderecho@nip.upd.edu.ph

The NIP Open House would be accommodating visitors for free every day from **February 11-15, 2019** with morning and afternoon sessions. Each session will have 4 groups, with 15 students each. To accommodate as many schools as possible, each school is limited to sending only one group of 15 students. The tour takes around 3 hours, though may exceed depending on the students' enthusiasm.

Vincent S. Rivera

Reservations will be handled strictly through online submissions at <https://goo.gl/1Kf4ks> (case sensitive). Priority will be handled in a first-come-first-serve basis. If you have not received any confirmation or reply through email within 24 hours, or if you have any inquiries about the tour, you can contact us via email at [upphysics@gmail.com](mailto:upphysics@gmail.com) (with subject NIP Open House), or via text at 0917 590 0328. Scheduled calls (through prior text) at the same number are also welcome.
