Dear Dr. Garma,

Animo La Salle!

The De La Salle BIOTA Chapters will conduct a training workshop for teachers on learned first-hand information and training in innovative tech-crafted strategies both in science teaching. This training workshop focuses on the responsibilities associated with changing learning environments and eventually adapting towards the direction of the Fourth Industrial Revolution in Education (FIRE) with the theme “Emerging Technologies and Innovative Pedagogies in Biology”. The training design will be handled by person of authority in various fields. The said training workshops aims to:

1. Explain the use of technology/net-based tool such as learning management system (LMS), augmented reality, next generation blended learning and assessment tools in teaching and learning in Biology.
2. Immerse teachers in emerging laboratory techniques in Genetics and field study techniques in Biodiversity.

In connection with this, may we request your good office an endorsement of the said training workshop among private and public school teachers in National Capital Region. The said activity is set this coming February 8, 2020 at A1403 Brother Andrew Gonzales College of Education (BAGCED). A registration fee of Php 1500.00 will be collected from expected participants which will cover handouts, membership fee of 300.00, certificates, food for two snacks and lunch. For further inquiries about the details of the said seminar workshop please contact the secretariat Frosyl F. Miguel through e-mail frosyl_miguel@dlsu.edu.ph or message cellphone number 09425819516.

Attached herewith is the program for your perusal.

Thank you.

Yours,

DR. MARICAR S. PRUDENTE
