Dear Ms. Gayola:

Good day!

ACAD1 Review & Tutorial Center is a duly registered and multi-awarded private review and tutorial center established to support the academic needs of students in all year levels through its various review programs. ACAD1 is established by scholars from the University of the Philippines – Diliman and Manila Science High School in 2002. ACAD1 has pioneered and has become the leading review center in Manila and also holds the longest list of qualifiers in UP and other top universities in Manila since 2002. ACAD1 has been awarded the 2014 Consumers Choice Award and 2014 Gold Seal of Quality for Most Outstanding Review and Tutorial Center. ACAD1 also received a similar award in 2013 as the Top Brand Award Phils. Review and Tutorial Center of the Year. In 2011 and 2012, ACAD1 was recognized as one of the Top Review Centers by www.academic-clinic.com website. Currently, ACAD1 is nominated as the Best Review Center in the Phils. for 2019 by Best of the Philippines Awards.

This coming summer of 2020, ACAD1 will hold its annual Comprehensive College Entrance Test (CET) Review Program to be participated by graduating senior high school students for the S.Y. 2020-2021 (current Grade 11 senior high school students). This intensive review program shall be conducted by ACAD1’s highly competent and qualified lecturers from the University of the Philippines (UP), most of whom are also Science High School alumni.

As part of ACAD1’s vision to provide high quality review services to students across the country at the most reasonable and most affordable cost, we propose to exclusively conduct the review classes at a very low discounted fee for the students of Marikina Science High School within the school premises. We have already informed Ms. Janet S. Amurao, the school principal, last November 21 and we have also discussed with and have sought the recommendation of the school’s GPTA thru its board and its President Mr. Roy Canliao. (Please see attached letters) If possible, we may also invite other incoming public senior high school students so they too can avail of this very affordable fee at their convenience since we will be conducting the review in Marikina Science High School.

Dear Ms. Gayola:

Good day!

We, officers of the Marikina Science High School GPTA, recommend ACAD1 Review & Tutorial Center to exclusively conduct its Comprehensive College Entrance Test (CET) Review Program this coming summer of 2020 inside the school premises. This review program will be participated by graduating senior high school students for the S.Y. 2020-2021.

We are interested in ACAD1’s review program as we believe it can help maintain and even improve the school's passing rate in the country’s most competitive college entrance tests specifically UPCAT (UP), ACET (Ateneo), DCAT (De La Salle) and USTET (UST). ACAD1’s passing rate in the aforementioned entrance tests over the years is convincing and highly impressive. Furthermore, they are offering the review at a very reasonable and affordable rate compared to other competitors. Other science high schools have also chosen ACAD1 as their exclusive review partner for their college entrance test review. Part of the proceeds too shall be donated in kind by ACAD1 to the school to augment our other expenditures.

In line with the foregoing, we seek for the approval of your good office for the said review program.

We look forward to your positive response.

Thank you.

Best Regards,
