TO: Schools Division Superintendents

Dear Sir/Madam:

Attached is a letter signed by Lawrence Madriaga, PhD., Campus Director, Philippine Science High School Main Campus, Agham Road, Dillman, Quezon City dated June 10, 2019, inviting the participation of the top ten percent of the Grade 6 learners to the National Competitive Examination (NCE) Caravan, content of which is self-explanatory for information and appropriate action.

Very truly yours,

WILFREDO E. CABRAL
Director III
Officer-in-Charge
Office of the Regional Director

Work toward excellence... play to win!
10 June 2019

DR. WILFREDO E. CABRAL
Regional Director
Department of Education-NCR

Dear Dr. Cabral,

Good day.

The Philippine Science High School (PSHS) is a government scholarship school for students with high aptitude in the Sciences, Mathematics, and Technology. It offers free tuition, stipend, free loan of available textbooks and other applicable allowances. The National Competitive Examination (NCE) is the PSHS System qualifying examination for scholarship. Every year, more than 20,000 hopefuls apply for and take the NCE for the opportunity to attend one of the best public science high schools in the country. The examination takes place October of each year in all PSHS campuses and other designated testing centers all over the country. In order to reach as many Grade 6 students as possible, the PSHS Main Campus staff make the rounds of elementary schools in the National Capital Region (NCR), our area of responsibility. This activity is known to us as the NCE Caravan which aims to invite students to apply to the PSHS. In this caravan any queries of students and their parents about the NCE and/or the PSHS is entertained.

With this, we request the permission of your good office to allow us to go to different grade schools, public and private, in all 17 cities and municipalities in NCR. We plan to send to these schools a small team of staff to distribute and collect NCE application forms. Further, we request that the Principals of these schools assist us in gathering the top ten percent of their graduating class (Grade 6) so we can have a forum to answer possible queries about PSHS Main Campus. Our target dates for the visits are from last week of June to last week of August 2019.

We look forward to your favorable response to this request.

With best regards,

Lawrence Madriaga, PhD
Campus Director
