Greetings!

We are resident members of the UP Educators' Circle, a student-operated, non-profit organization of the University of the Philippines based in the College of Education. We have been one of the active organizations in service to the UP College of Education since 1987. At present, we still continue to advocate the best interests of the students who are one in our spirit in the aim of making a contribution to the academic and social well-being of our fellow students and the community.

In this regard, we are requesting your good office for the endorsement and accreditation for our event entitled **High School Rumble (HSR): Neuron Rush V2.0**, an event of our organization wherein we gather numerous students from different schools around Metro Manila to engage in a set of fun yet academic activities that would certainly display their intelligence, prowess, and strength in multiple fields. HSR usually exhibits a grand quiz bee spanning multiple academic disciplines for the students to participate in, but in order to tap other skills that the students can showcase, HSR 2018 would now exhibit an essay, poster-and-slogan making, and a speech contest. The winning school that would accumulate the highest scores from these sets of activities and challenges shall win the grand prize.

We truly hope that this vision we have for this event of ours would merit the endorsement and accreditation of your good office. We are hoping that through this event, students and school administrators would be able to truly showcase their talents and skills that would harness them to become better students in the future. Through the endorsement of your office, the students and school administrators shall be notified of this event through widespread dissemination, and thus would significantly increase our participants for HSR 2018.

If you have any concerns, please do not hesitate to contact the undersigned. We are fervently hoping for your favorable response and support of our activity. Thank you very much!

Very truly yours,

Tyrone Kit Agres
