The content of the modules are subject to change. Broadly, the following topics will be covered in the modules:

a) **Language Curriculum Design and Implementation (Face-to-Face)**
   This module combines current language curriculum theory with hands-on application. Through lectures, group work discussions, readings, and classroom tasks and activities, course participants will become familiar with the many trends and challenges in language curriculum design and implementation.

b) **Teaching Listening and Speaking (Face-to-Face)**
   This module is designed firstly to develop participants’ understanding of the theoretical bases for the teaching of listening and speaking skills in an ESL/EFL classroom. It also gives focus on the types of micro-skills and strategies involved in listening and speaking and some of the issues and challenges involved in teaching these skills. The course will also critically examine current
approaches to teaching listening and speaking skills and will incorporate a dimension of multimodality.

c) Teaching Reading and Writing (Blended)
This module deals with the principles, design and procedures in the teaching of reading and writing in ESL/EFL situations as well as in a multimodal world. The integration of theory and classroom practice will be achieved via journal writing, sample lesson plans and micro-teaching sessions. Key reading theories and writing approaches will be explored and discussed vis-à-vis the course participants' teaching and learning contexts. There will be a special focus on helping participants to make the transition from the traditional print-based literacy to multimodal-based literacy (reading and viewing, writing and representing) involving more than one mode of conveying meaning – spoken, written, visual, gestural and spatial.

d) Language Assessment (Blended)
This module introduces the basic theoretical principles related to language assessment. Course participants will have the opportunity to reflect on their own language assessment practice in relation to their teaching objectives. There will also be hands-on practice in the planning, designing, and grading of assessment related to receptive and productive language skills. Additionally, this module will explore the rationale for assessment for learning, and the key approaches in implementing such classroom-based assessment.

e) Technology Enhanced Language Learning (Blended)
In today's technologically driven society, learning languages has gone digital and classrooms have become increasingly high tech. How should our English Language teachers respond to the use of technology in their classrooms? What is the role of technology in the teaching of the English Language? How do SLA concepts and methods be made evident in the classrooms that use technology? These questions and issues will be covered in this module. This module will familiarise participants with the current approaches, concepts, principles and practices of the use of technology in teaching and learning of ESL and EFL. Participants will have the opportunity to select, evaluate and curate digital learning tools in their application of SLA concepts and methods in their own teaching contexts.

f) Issues in Applied Linguistics (Face-to-Face)
Applied linguistics is an academic discipline that engages its communities of practice in studying, investigating, and reflecting on the relation of knowledge about language to making decisions in tackling language issues in both educational and social settings. Thus, applied linguistics course participants need to be engaged in discussing key topics, issues, or research areas within the discipline that have significant personal and professional implications for them as language users, learners, and teachers. This module introduces course participants to a range of issues, which fall into the major themes that have traditionally been associated to the applied linguistics discipline, i.e. language use and language pedagogy (including language learning/acquisition). This module does not only aim to equip them with sufficient background knowledge that prepares them for various relevant applied linguistics modules they will study in the blended diploma. It also intends to engage the course participants in critical dialogues on their perspectives on (English) language, and its implications on the ways in which they use, learn, and teach (English) language.
**Course Requirements**

To complete the course successfully, a candidate must:

p) Obtain a pass in all modules;
q) Satisfy face-to-face class attendance requirements; and
r) Satisfy online mandatory course requirements in terms of the completion of forum postings, quizzes and assignments.

APPLICATION TO STUDY AS AN INTERNATIONAL STUDENT ENTRY REQUIREMENTS

TO STUDY AT VICTORIA UNIVERSITY OF WELLINGTON AS AN INTERNATIONAL STUDENT YOU WILL NEED A GOOD COMMAND OF THE ENGLISH LANGUAGE AND A GOOD RECORD OF ACADEMIC ACHIEVEMENT.

IMPORTANT: These are the minimum English language and academic requirements for admission to Victoria. Where places on a degree programme are limited, higher entry requirements may be applied at the discretion of the University.

UNDERGRADUATE STUDY

ENGLISH LANGUAGE REQUIREMENTS
- IELTS overall band of 6.0 with no sub-score below 5.5; or
- TOEFL 80 on the internet-based test; or
- A minimum of three ratings of 4 and one rating of 3 in the Victoria University English Proficiency Programme test – see Pathways Programmes in the Victoria International Prospectus, page 30; or
- Pearson Test of English: A score of 58 (with a ‘Communicative’ score of not less than 50).

The following programmes have specific English language requirements:
- Undergraduate teaching degree programmes may require a minimum IELTS overall band of 7.0 with no sub-score below 7.0.

ACADEMIC REQUIREMENTS
See qualifications for entry table overleaf.

If you have studied a university foundation programme outside of New Zealand, it must be recognised by Victoria and you will need to have successfully completed the programme with at least a 75% average or equivalent. Applications are assessed on a case-by-case basis.

ACADEMIC CREDIT TRANSFER AND EXEMPTIONS
Academic credit transfer recognises previous study at another recognised institution and transfers university points (credit) to a degree at Victoria University of Wellington. Credit transfer can reduce the number of courses required to complete a degree. In some cases, it may be possible to complete a degree in two years, instead of three.

Please note that academic credit transfer is not applicable for postgraduate study.

Any undergraduate applicant who has more than the minimum entrance requirements for an undergraduate degree can apply for credit transfer on their application form. Full official documentation from previous studies must be provided, including an original academic transcript, signed and dated by the issuing institution, or a certified copy of the original. Detailed course descriptions of previous study may also be required.

If you have already completed a course that is equivalent to one required at Victoria for a prerequisite, major or degree, you may be considered for an exemption so that you do not have to take it again. An exemption does not necessarily transfer credit or points. You may be considered for an exemption as part of the credit transfer assessment.

The assessment process usually takes up to six weeks, so you are strongly encouraged to apply for this with your initial International Student Application to study at Victoria.

POSTGRADUATE STUDY + RESEARCH

POLICIES TO PROTECT YOU

CODE OF PRACTICE
The Education (Pastoral Care of International Students) Code of Practice published by the Ministry of Education is a policy specially designed for international students. It sets the standards of advice and care that must be given by an institution to an international student.

Victoria University of Wellington has agreed to observe and be bound by The Code. Copies of The Code are available from Victoria International or from the NZQA website at www.nzqa.govt.nz/the-code. Students or parents of students who feel an area of The Code has been breached should document the breach in writing to the Assistant Vice-Chancellor (International), who will take all steps to ensure that the grievance is settled. If a favorable result is not reached, the case will be referred to the Code Administrator. The University agrees to be bound by the Code procedures and will offer any information and cooperate with NZQA while they investigate a complaint. Students have the right to information about progress and decisions regarding their complaint as well as translation services if necessary to ensure adequate comprehension.

FEES, LEVIES AND CHARGES
International students ('Students') are required to pay a tuition fee for each course in which they are enrolled, course material charges, student services levy, student assistance levy, and other administrative charges ('Fees'). A small number of courses have an Overseas Travel Component as additional costs. For more information on these charges see the Victoria University Fees Statute ('the Fees Statute'). Please refer to the most recent Fees Statute at www.victoria.ac.nz/fees

Any programme or course offered by the University and listed in its Calendar may be cancelled by the University as a result of insufficient resources or student demand. The Vice-Chancellor concudes that Victoria University has the financial resources available to refund fees to students enrolled in any cancelled programme. If a course is unable to proceed due to destruction or damage to buildings, plant and equipment and other tangible assets, fees will be refunded to the students affected. In this case the fees refund will be covered by the University's Industrial Special Risks Policy and be classified as a consequential loss.

Refund statement
1. REFUNDS
Refunds of Fees to Students are made in accordance with the current Fees Statute www.victoria.ac.nz/fees. Refunds for International Students are only processed once the student has applied to the Student Fee Advisor in writing.

1.3 A Student is entitled to a full refund of all money that remains in their account after enrolment. This refund will be granted provided the student has paid their Fees in Full and holds a valid student visa for the period of study. The monies up to a value of $15,000 per academic year will be paid directly to the student. Any monies to be refunded over and above this amount will be refunded to the originating bank account and an administration fee will be applicable.

1.2 An International Student who withdraws from the University and transfers to another institution must inform Victoria International and their Student Fee Advisor in writing and provide copies of their new Offer documents. Any refund of fees will be sent directly to the relevant institution less an International Transfer Fee prescribed in the Fees Statute.

1.3 A Student enrolled in a trimester-based programme who obtains a residency permit during the course of their study will be considered an international student for the trimester in which residency is granted, unless the residency is granted within the dates prescribed in the Fees Statute. The Student will be treated as a domestic student from the following trimester.

1.4 A Student who is not enrolled in a trimester-based programme and who obtains a residency permit will be given a refund (pro rated) from the week after the date on which residency is granted. A Student's residency status is effective from the date on which residency is granted as shown in their passport.

1.5 A Student enrolled in CurtEngProf who provides written notice of withdrawal within two weeks of beginning the programme shall receive a full refund of fees less the admission fee if applicable.

1.6 A student enrolled in a PhD or Masters by Thesis for six or twelve months, who gives written notice of withdrawal from enrolment within four weeks of having been enrolled, shall cease to be liable for the fees associated with that course.

1.7 A student who gives written notice of withdrawal from a supervised individual research paper/project, practicum, dissertation or similar course within four weeks of the start date for that course shall cease to be liable for the fees of that course.

1.8 Victoria University may approve partial or full refunds in exceptional circumstances. Refunds will be subject to receipt of a written request setting out the full circumstances. If a full fee reconsideration is approved, the University will reverse the full tuition and non-tuition fees liable to the student, less $100.

1.9 Refunds of fee payments derived from a Contract will be credited back to the organisation that has set up the contract with the University. Refunds will not be made to students if there are fees remaining to be paid for their current academic year.

1.10 Subject to clauses 1.2 to 1.9, all refunds will be paid by bank transfer (on production of appropriate photo ID).

2. FULL REFUNDS
2.1 Full refunds will be made pursuant to the relevant clauses of the Fees Statute and in the following circumstances:

a) The Student is unable to take up the offer of admission;
b) Immigration New Zealand has refused a Student a visa for study in New Zealand;
c) A Student's application for a visa extension is refused by the Immigration New Zealand;
d) Victoria University is unable to proceed with the course(s) offered.

2.9 If a Student completely withdraws or temporarily ceases studying at Victoria University and seeks a refund, they will be required to provide proof that they no longer hold a Victoria University student visa before their refund will be acted on.

Subject to subsections 1.2 and 2.1, international students that have prepaid tuition fees who travel to New Zealand and do not complete their enrolment or who have given notice of withdrawal from all of their courses on or before the dates outlined in www.victoria.ac.nz/students/study/course-additions-withdrawals will receive a 100% refund of pre-paid tuition fees less an administration fee. The monies will be refunded to the originating bank account.

Withdrawal from courses
A student must give written notice of a course withdrawal to the Faculty Office within the deadlines stated in the Fees Statute to receive full or partial refund of the tuition fees. Non-payment of fees, ceasing to attend, or verbally advising a member of staff will not be accepted as notice of withdrawal. For further details, see the most recent Fees Statute at www.victoria.ac.nz/fees

GRIEVANCE PROCEDURES

Students, who feel that they have not been treated fairly at the University, should take note of the Statute on Academic Grievances – see www.victoria.ac.nz/academic-grievance-policy

Any international student who has a grievance against the University in any capacity should contact a Victoria International staff member, if the grievance cannot be solved, Victoria International will refer the case to an appropriate area of the University.

If the outcome of this procedure is unsatisfactory, a Student can contact NZQA, www.victoria.ac.nz/students/support/international/code-of-practice
