November 13, 2019

Dr. Malcolm S. Garma
Regional Director
Department of Education NCR
Misamis St., Bogo Bantay, Quezon City

For the past 23 years, UP Engineering Society has continually strengthened the bonds between different engineering disciplines, has fostered camaraderie among various departments, and has shaped engineers having a greater sense of the engineering field in the service of creating a progressive community.

This February 2020, our organization will be conducting a nationwide engineering symposium for senior high school students, entitled "SURGE 2020: Bringing Engineering To The Filipino Youth". The event aims to introduce Engineering to the Filipino youth and to promote Engineering as a significant field in the creation of a progressive community. This whole-day event will cover a talk in the morning and a tour of the laboratories of different Engineering fields available in the College of Engineering, UP Diliman.

In line with this, we would like to formally ask for your recommendation of this event as we invite at least 10 - 25 junior high school or senior high school students of different schools as participants. This will be held at 3/F Engineering Theatre, College of Engineering, Melchor Hall, UP Diliman on February 8, 2020 at 8 am to 5 pm.

It has always been our vision to introduce engineering and the many opportunities it's different fields offer. In both theory and practice, it has undeniably helped develop the world we have today. Rest assured that this activity will give the participants nothing but encouragement and enlightenment about the said topic.

Attached herewith is the event guidelines. Should you have questions or concerns, please do not hesitate to contact us. Thank you very much and we are hoping for your positive response!

Sincerely Yours,

Lauro Sumera Jr.

PARTNERSHIP PRIVILEGES

LEARN FROM THE BEST

Based at the College of Engineering from the primer university of the country, UP Engineering Society values academic excellence and adheres to this principle by promoting Engineering and its basics with its event, SURGE 2020: Bringing Engineering to The Filipino Youth. This is a symposium that aims to introduce and promote the various fields of Engineering to the senior high school students by presenting the opportunities and things to expect in the said programs.

With the most comprehensive Engineering curricula, University of the Philippines Diliman - College of Engineering is home to six departments and two institutes.

SAFETY OF STUDENTS

To ensure the safety of the students, the organization will escort the students for the laboratory tour in the afternoon, which means that the organization will provide back and forth transportation for the participants as they go from Matasar Hall, UP Diliman to the Engineering Complex.
PERCENTAGE OF THE REGISTRATION FEE

As a way of thanking the faculty for their efforts and generosity, the school is given the privilege to add their percentage to the total amount. (e.g. the school charges each student 20% making the total payable amount of Php 180.00 per student.)

PUBLICITY

The logo of the school will be included in all publicity materials to be released before and after the event (posters, flyers, tarpaulins), and all online media advertising of UP Engineering Society (Facebook and Twitter).

EVENT GUIDELINES

I. OBJECTIVES

The SURGE 2020 will be conducted with the hope of achieving the following:
A. To promote Engineering as a field and its basics;
B. To introduce Engineering as an undergraduate degree;
C. To serve as an avenue for awareness in development and engagement in the field of science, technology, and engineering.

II. DATE AND VENUE

This event will be held on February 8, 2020, Saturday at the 3/F Engineering Theatre, College of Engineering, Melchor Hall, University of the Philippines Diliman, Quezon City. This is a whole day event with the time schedule as follows:

<table>
<thead>
<tr>
<th>TIME</th>
<th>ACTIVITY</th>
</tr>
</thead>
<tbody>
<tr>
<td>8:00 AM - 9:00 AM</td>
<td>Registration</td>
</tr>
<tr>
<td>9:00 AM - 12:00 NN</td>
<td>Talk</td>
</tr>
<tr>
<td>12:00 NN - 1:00 PM</td>
<td>Lunch Break</td>
</tr>
<tr>
<td>1:00 PM - 4:00 PM</td>
<td>Laboratory Tour</td>
</tr>
</tbody>
</table>
III. PRE-REGISTRATION

1. A participating school needs to send at least ten (10) and maximum of twenty-five (25) students for the SURGE 2020. A Php 150 per student will be collected as a registration fee. The registration fee is inclusive of the event kit and ID. This is a first come, first served basis.

2. This will include the contact details of the said school for follow-up. The deadline for submission of the said file is on January 17, 2020. No Intent of Participation means non-participation of the school.

3. After submitting the Intent of Participation, the school must fill-out and send to our e-mail a scanned copy of the Official Registration Form. The deadline of submission of the said file is on January 17, 2020.

4. The 50% non-refundable down-payment for the registration fee must be deposited on or before January 17, 2020, and full payment must be settled one week before the event (January 31, 2020).

(BDO) Bank Account Name: Rollyn Fredeliz F. Aguila
(BDO) Account Number: 008490107934

5. For payment made through bank deposit, a scanned/clear photo of the deposit slip should be sent to surge.upenggsoc@gmail.com. Confirmation from our team will be sent via e-mail once we receive the forms. This is to ensure both parties that all files are received.

6. All joining schools, including additional participants, will be considered walk-ins after the deadline of registration. They MUST inform our team that they are registering for the event through our e-mail and/or text. Schools that are not able to meet the pre-registration guidelines will be considered walk-ins.

7. Walk-ins must submit their completed registration forms and FULL payment on the day of the event. A Php 50 will be collected as registration fee.
