Regional Director, Director IV
Deped NCR

Dear Secretary Briones:

The Filipino Inventors Society (FIS), Inc., the 76-year old organization of Filipino inventors and recognized by law under Republic Act 7459, shall once again be spearheading the celebration of the National Inventors Week (NIW) 2019 with support from the Department of Science and Technology (DOST) and the Technology Application and Promotions Institute (TAPI).

This year’s NIW celebration will be held at Department of Science and Technology (DOST) Plaza, DOST Compound, General Santos Avenue, Bicutan, Taguig City from November 25 to 29, 2019. Carrying the official theme: “Motivated by means: We keep on Conquering the World of Science, Technology, and Engineering to Face the Challenges of Tomorrow,” the event shall showcase the inventions and creative masterpieces of Filipino inventors as well as young student inventors from various high schools in Metro Manila, both private and public.

In view of the official participation of a great number of Metro Manila-based high school students in the NIW 2019, we would like to seek permission from your good office that their participation along with their respective invention advisers, science teachers, and even principals in the event from November 25 – 29, 2019 be ‘memorandized’ so that they could participate while on official purpose and capacity. May we also request that the expenses, albeit minimal, of participation of public school invention advisers, science teachers, and principals can be sourced from their respective MOOE or Maintenance and Other Operating Expense.

The high school students’ participation shall further open their eyes on how they can make a difference in their family’s lives as well as in the lives of others, and possibly to the country’s economy through science, technology, and modern-day innovations.
The FIS shall provide available transport services to ferry the students to DOST Plaza and back to the agreed pick up places after to ensure their safety and security.

We highly anticipate your favorable feedback on this matter as this would really reflect your strong support for the continued development of science and technology in our country.

Very sincerely yours,

Inv. Ricardo Lacandazo  
Vice President for Mindanao, FIS  
Chairman, NIW 2019 Committee Committee

Inv. Rodolfo Biescas  
Board Member, FIS  
Co-Chairman, NIW 2019
