Dear Dr. Torrecampo:

Greetings from UP Diliman College of Education!

The EDUC 280 (Practicum in Teaching) Science and Mathematics Education Class of this university will be holding a Brown Bag Session dubbed “SALA: STEM Appreciation for Lifelong Application” come November 9, 2019 (Saturday) from 8:00AM to 12:00NN at the Auditorium of the University of the Philippines Integrated School (UPIS), Diliman, Quezon City.

This is a free event which primarily caters to Junior High School students. The aims are to (1) develop a positive outlook towards STEM education; (2) show different opportunities that STEM can offer; and (3) provide STEM-related insights and experiences from different fields. Concurrently, there will also be a 1-hour workshop on the use of Casio Calculators intended for teacher-participants.

In this connection, may we humbly ask for your endorsement to help this opportunity reach its prospective participants from your division.

Since slots are limited only, interested students and teachers are required to accomplish an online group pre-registration prior to the event. For details and further information, kindly contact Mr. Benneth Ulibarri at +63977 182 0935 or email us at up.sala.bbs@gmail.com.

We truly appreciate your support. Thank you very much!

Respectfully Yours,

JAKE ROVIN D. MORALES, LPT
Class President, EDUC 280
