Dear Mr. Wilfredo:

Greetings!

The University of the Philippines Geodetic Engineering Club (UP GE Club) is a duly recognized academic organization in the College of Engineering, UP Diliman. For more than eight decades, it has actively forwarded its objectives of fostering the development of geodetic engineering and science as well as promoting proficiency, competence, and excellence in this field of study.

This coming October 12, 2019, Saturday as part of its 82nd anniversary celebration, UP GE Club will once again hold the Geodid Quiz on its 14th Edition with the theme APOGEION: Advancing Earth and Space Science through Geodetic Engineering. Geodid Quiz 2019 is a whole day event that will be marked by a battle of wit and intellect among the best students from different high schools nationwide. An exhibit showcasing geodetic engineering and science will also be held on the same day. These events aim to broaden the awareness, interest, and understanding of high school students in the field of Geodetic Engineering while being fun, interactive, and challenging. We take part in encouraging our students to achieve academic excellence by testing their skills in areas like mathematics and science.
In this light, we would like to ask for your endorsement of our events addressed to high school principals or heads in this worthwhile endeavor and help us invite and encourage public and private high schools to participate in the above-mentioned events. Should you have any concerns or inquiries, please do not hesitate to contact us at (+63) 977 7573 295 or (+63) 905 5061 631. You may also reach us through email at geoidquizxearthistic.upgeclub@gmail.com.

Thank you very much.

Sincerely yours,

Mawin Nicole M. Reyes
