INTRODUCTION TO FUTSAL – A GROWING SPORT

The origins of futsal can be traced back to Uruguay in 1930, when Juan Carlos Ceriani, a physical education teacher from Montevideo, invented a new form of football that can be played indoors on a basketball court, unaffected by the weather conditions. Played with five players on each side and reduced-goal sizes, futsal is a fast paced, high scoring game with end to end action and the need for skilful, imaginative play with precise technical execution of highly skilled football players.

Today, futsal is the only small sided variant of football that is governed and promoted by FIFA, the world’s governing body of football. The sport has its own FIFA Futsal World Cup tournament held once every 4 years, and this main tournament is complemented with regional championships and qualifiers organized by FIFA’s sub-regional confederations across the world. Starting with 68 countries in 2006, a recent FIFA study has shown that futsal is now played in more than 170 countries, making it the world’s fastest growing indoor sport. In 2018, futsal was recently introduced in the Youth Olympic Games held in Argentina, and is trending towards eventually becoming a regular Olympic sport.

FIFA and the PFF support futsal because the sport is seen as not only a solution to the lack of access for millions of potential players, but it is one of the best formats to develop skills for the youth. Although futsal is a sport in its own right, it is seen as a great complement to football development by placing a premium on quick thinking, skill, and the need for technique. Most of the world’s best football players, especially those from Spain and South America (especially Brazil) start their development journeys in futsal and switch to football.

**Liga Eskwela Futsal – from eleven public schools in 2015 to over three-hundred in 2018**

THE LIGA ESKWELA FUTSAL PROGRAM

In 2015, in collaboration with private sector sponsors and schools like La Salle Green Hills, Toby’s Sports, and LSGH Batch 73, and the Philippine Football Federation Futsal Dept., the Moran Foundation organized the Liga Eskwela Futsal, initially working with 11 public elementary schools. In 2017, with the support of Department of Education (DepEd) School Divisions in the
National Capitol Region, the program expanded to all 16 DepEd NCR school divisions covering over 300 public schools. Since most private schools have access to football fields, futsal programs, and resources, the focus of the program is exclusively with public schools where there was most need.

After the initial training in 2015, from 2016-2018 we offered DepEd NCR teachers additional training in more advanced coaching topics on futsal (some teachers even went on to attend the FIFA Futsal Coaching course delivered by international experts from FIFA), Futsal Refereeing/Officiating, and Futsal Tournament Organization and Event Management.

We conduct the program in 3 Phases:

Phase 1: 2-Day Teacher Training (Saturday and Sunday)
The training which is delivered by experts from the Philippine Football Federation introduces them to futsal, age-appropriate training approaches, and how to teach basic technique and game base drills. After the training, they will be asked to form a team or organize a tournament within their Division. Each participant will receive a Certificate of Attendance and may receive a service/credit at the discretion of the Regional Office. Each teacher will also be given a ball to conduct futsal activities in their school.

Phase 2: Introduce Futsal in Schools; Form Teams. Participants from Phase 1 will conduct futsal activities in their schools and organize a futsal festival where their organized teams compete. After the said activities, the teachers will receive a Certificate of Completion for the program.

Phase 3: Participate in Competition. The Moran Foundation will work with the Regional Office in organizing a local competition for the participants in Phase 1 and Phase 2. This will help the Region in developing their athletes and form their core team of players and teachers for higher level of competitions.

The program, which is free of charge to schools and its participants, is coordinated with the DepEd Regional office.

PLANS FOR SCHOOL YEAR 2019-2020

1. EXPANSION PLAN

Our expansion plan is based in areas that we identified as high potential hubs for futsal development and growth. The training program will be good for 40 teachers in each Region. It will be led by one of the world's foremost experts in the sport, Mr. Vic Hermans, a co-founder of the modern sport of futsal in 1989 and former national team coach of Thailand, Iran and the Netherlands. Mr. Hermans is also the author of a textbook on futsal called "Futsal – Technique, Tactics, and Training." His CV and Profile is attached. Mr. Hermans will be assisted by local
coaching instructors who he identified in a recent Asian Football Confederation Futsal Level 2 coaches course that he conducted in the country for high potential future futsal coaches – Mrs. Marigen Ariel (Ateneo de Manila and University of Asia & Pacific Futsal Women’s Coach); Mr. Arles Rocalan (DepEd teacher and football and futsal coach from CAR). Mr. Hermans will also be assisted by instructors appointed by the local football associations in each region to help assist him in running the course.
